Big Commercial

Since 1973

For more than 50 years, Big Save has been built on the straightforward principles of outstanding customer service and great value for money.

We offer more

We provide a full comprehensive service, offering everything you need – from furniture and beds to whiteware, small appliances, linen, and more. Whatever you're looking for, we can source it for you.

Committed to Sustainability

Our initiatives include solar-powered buildings, a nationwide recycling program for plastic and cardboard, the use of recycled plastics with 'Seaqual' and 'Repreve' in our sofas and beds, and our own energy-efficient transport fleet.

In Stock

As New Zealand's largest privately owned furniture and bedding warehouses, we have locations across the country, allowing us to hold more stock and deliver faster than anyone else.

NZ Custom Made

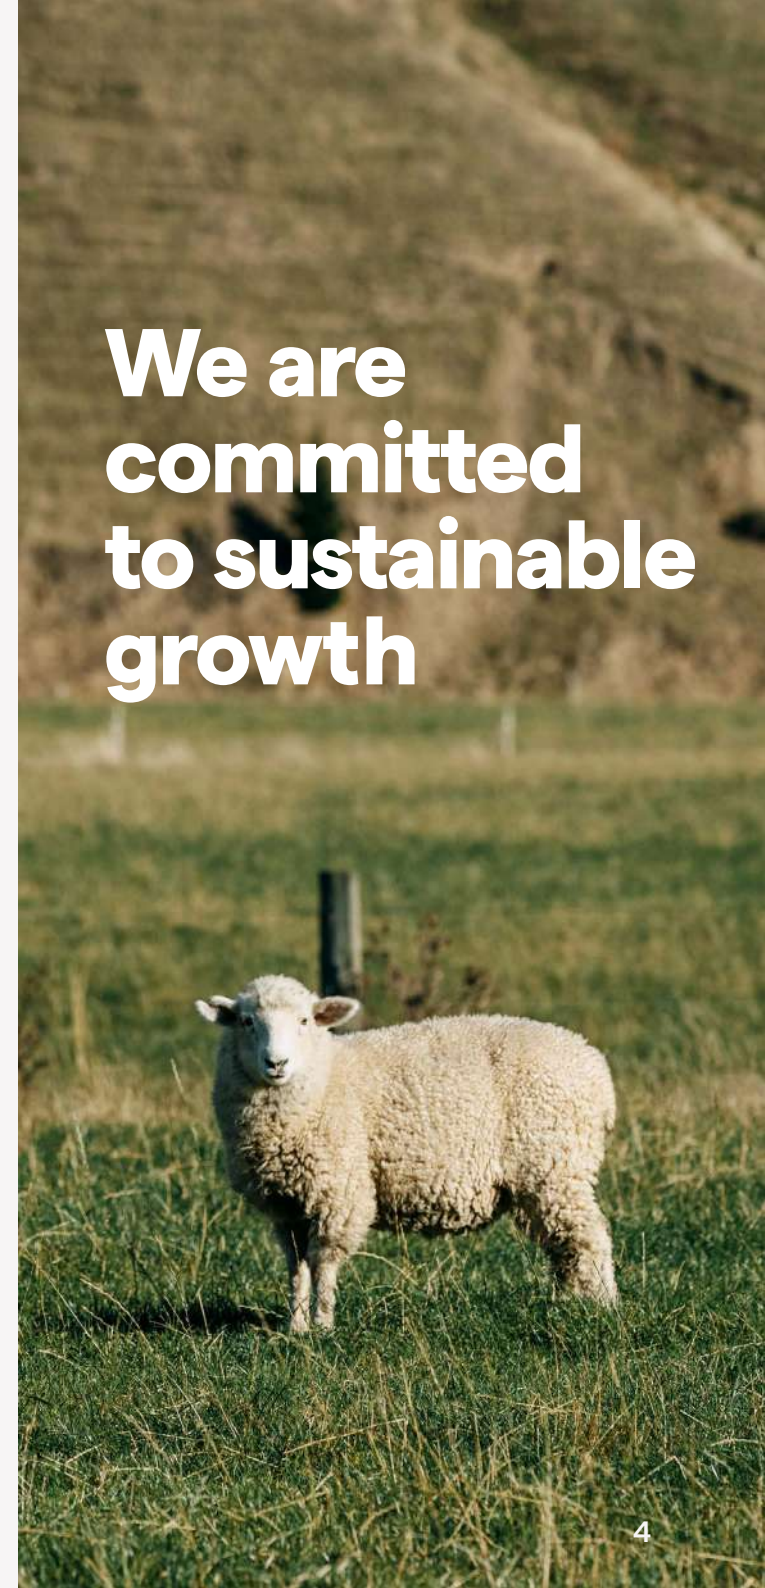

Our strong relationships with New Zealand's leading furniture and bedding manufacturers enable us to have furniture or beds custom-made to your specifications.

NZ Wool

We strongly believe in the significant benefits of wool for both people and the environment. That's why we are working together with New Zealand farmers to increase the use of wool in all our sofas and beds.

We are committed to sustainable growth

Comet

The Comet offers a classic design with wide armrests and back cushions for extra support and comfort. The sophisticated and classic silhouette will add timeless style to any home. Upholstered in new generation wipeable fabric.
